I. Description of Transaction

This and 15 related applications being filed concurrently herewith (collectively, the “Divestiture Trust Applications”) request the Commission’s consent to the assignment¹ of the FCC licenses of the stations identified on Appendix A hereto (“Stations”) to the Sinclair Divestiture Trust (the “Trust”). The trustee of the Trust is RAFAMEDIA LLC (the “Trustee”), whose sole member is Richard A. Foreman.²

The sole purpose of the Divestiture Trust Applications and the proposed assignment or transfer of control of the Stations to the Trust is to facilitate the divestitures that will be required for the approval and timely consummation of a larger transaction, pursuant to which Sinclair Broadcast Group, Inc. (“Sinclair”) will acquire all of the outstanding shares of Tribune Media Company (“Tribune”). Specifically, Sinclair will acquire Tribune through a merger of Samson Merger Sub, Inc., a wholly owned subsidiary of Sinclair, with and into Tribune, immediately followed by Tribune merging with and into Sinclair’s wholly owned subsidiary, Sinclair Television Group, Inc. (“STG”), with STG as the surviving company (collectively, the “Transaction”).³ The parties previously filed 33 applications on FCC Form 315 that seek the Commission’s consent to the transfer of control of Tribune to Sinclair (as amended, the “Tribune Applications”). A more detailed description of the

¹ The Divestiture Trust Applications also include one application on Form 315 for consent to transfer the stock of KPLR, Inc., the licensee of television station KPLR-TV, St. Louis, MO, to the Trust.

² All full-power, low-power, and TV translator licenses associated with the Divestiture Trust Applications are set forth on Appendix B hereto. We are also contemporaneously filing applications with the Wireless Telecommunications and International Bureaus seeking Commission consent to assign the microwave, land mobile, and earth station authorizations held by subsidiaries of Tribune and Sinclair and used in the operation of the Stations.

³ See *Applications to Transfer Control of Tribune Media Company to Sinclair Broadcast Group, Inc.*, MB Docket No. 17-179.

Transaction is set forth in the Comprehensive Exhibit included at Exhibit 15 to the Tribune Applications (as amended, the “Transaction Comprehensive Exhibit”). The parties request that the Commission process and act on the Divestiture Trust Applications and the Tribune Applications simultaneously.

As described in the Tribune Applications, divestitures (i) will be required in certain overlap markets where both Sinclair and Tribune own stations, and may be required in a market where Tribune owns multiple stations, in order for the Transaction to comply with the Commission’s local television multiple ownership rule (the “Duopoly Rule”), and (ii) will be required in certain additional markets in order for the Transaction to comply with the Commission’s national television multiple ownership rule (the “National Cap Rule”) (all such divestitures referred to herein as the “Divestitures”). In the event that any of the Divestitures have not been completed by the time scheduled for the closing of the Transaction, the parties propose to assign (or transfer control of) the FCC licenses of the Stations to be divested (“Divestiture Stations”) to the Trust. Because the parties will not know exactly which stations will be divested until Sinclair’s negotiations with prospective purchasers of stations to be divested have been completed, in certain markets, the parties are seeking consent to assign to the Trust more than the required Divestiture Stations in order to retain flexibility to determine the precise Stations to be placed in the Trust. The parties understand that in certain markets the Trust cannot have an attributable interest in all of these Stations. Consistent with Commission precedent, the parties will amend the Divestiture Trust Applications prior to the grant of the Tribune Applications and the Divestiture Trust Applications to specify the Divestiture Stations that will be placed in the Trust.⁴ Divestiture Trust Applications for stations that will not be divested will be withdrawn or dismissed prior to grant. By the time the parties are ready to close the Transaction, they will assign or transfer to the Trust no fewer than the Divestiture Stations as necessary for the Transaction to comply with the Commission’s rules (unless any such required divestiture has taken place at or prior to closing) and no more Stations than are allowable under the Commission’s television multiple ownership rules. The transfer of the Divestiture Stations to the Trust will occur simultaneously with or immediately prior to the closing of the Transaction.

II. Agreements

All agreements relating to the Trust are, or will be, between Sinclair and the Trustee. Copies of the agreements relating to the Trust, which include the Engagement and Assignment Agreement between Sinclair and the Trustee dated as of February 16, 2018 (“Engagement Agreement”), and the form of Trust Agreement to be entered into by Sinclair and the Trustee as of the date of consummation of the Transaction (“Trust Agreement”), are attached at Exhibit 5 (or, on Form 315, Exhibit 7) to the Divestiture Trust Applications. Exhibit B to the Engagement Agreement has been omitted because it

contains proprietary information that is not germane to the Commission's consideration of this application. As a result, Section II, Question 3 and Section III, Question 3 (on Form 315, Section III, Question 3 and Section IV, Question 5) of this application have been answered "no."⁵ Exhibit B will be provided to the Commission upon request, subject to the right of the parties to ask that the material submitted be held in confidence and not be made available for public inspection pursuant to applicable rules and policies of the Commission that restrict public access to confidential and proprietary information.

III. Trust Structure

It is the Commission's longstanding precedent to permit divestiture trust arrangements in situations where a transaction involving multiple stations in multiple markets would result in a party exceeding the ownership caps in one or more markets.⁶ Under this well-established Commission precedent, a beneficiary's ownership interest is not attributable to the beneficiary if it is properly insulated to prevent the exercise of control or influence over the trustee.⁷ The Commission has set out certain standards for properly insulated trusts.⁸

The relationship between Sinclair, the Trustee and the Trust will be governed by the Engagement Agreement and the Trust Agreement. Those agreements provide, among other things, that the assets of the Stations placed in trust to be divested as described above will be assigned to the Trust, and that the Trustee shall have the power to effect sales of those Divestiture Stations to third parties as soon as reasonably practicable and at the maximum price reasonably attainable, provided that Sinclair may establish a minimum acceptable price for the Divestiture Stations. Sinclair anticipates that it will enter into agreements to sell the Divestiture Stations prior to grant of the Divestiture Trust Applications and the Tribune Applications. If Sinclair enters into an agreement to sell any of the Divestiture Stations prior to the closing of the Transaction and assignment of the FCC licenses to the Trust, the Trustee shall assume the obligations of Sinclair under such agreement pending FCC and any other required governmental approvals. The Trust Agreement will further provide that the Trustee shall have complete control over the

Divestiture Stations placed in the Trust and will operate them as separate, independent and active competitors to Sinclair. While the Divestiture Stations are in trust, Sinclair shall receive any net revenues from their operation in excess of actual and projected expenses as determined by the Trustee in its sole discretion. Additionally under the terms of the proposed Trust Agreement, among other things, (i) Sinclair cannot replace the Trustee at will or revoke the Trust, (ii) the Trustee does not have a business, personal or extra-trust relationship with Sinclair, its affiliates or any of the shareholders, directors, officers or employees of Sinclair or its affiliates (“Related Party”), and (iii) except as otherwise expressly provided in the Trust Agreement, during the term of the Trust Agreement, neither Sinclair nor any Related Party shall communicate with the Trustee regarding the operation or management of the Stations except concerning the mechanics of implementing any sale of a Divestiture Station or Divestiture Stations (but not concerning the management and operation of the Divestiture Stations) and to receive reports concerning the implementation of the Trust.

Accordingly, the proposed Trust conforms to the Commission’s attribution insulation standards. By complying with the Commission’s attribution insulation standards, the Trust is properly insulated from Sinclair’s influence in accordance with Commission precedent. In fact, the Trust Agreement is identical in all material respects to other trust agreements that the Commission has recently approved.⁹

V. Other Authorizations

The other authorizations of Sinclair are attached at Appendix C hereto. The other authorizations of Tribune are attached at Appendix D hereto. Richard A. Foreman, the sole member of the Trustee, does not have an attributable interest in any broadcast station.

VI. Media Ownership

The Divestiture Trust Applications comply with the National Cap Rule. Divestiture Trust Applications are being filed with respect to Tribune television stations WPIX(TV), New York, New York, and KSWB-TV, San Diego, California, in order to facilitate the Transaction's compliance with the National Cap Rule, but such applications will not implicate either the local or national multiple ownership rules with respect to the Trust.

Some of the Divestiture Trust Applications implicate the Duopoly Rule. As noted above, the parties understand that the Trust cannot have an attributable interest in all of these Stations. As stated above, the parties will amend the Divestiture Trust Applications prior to grant to specify the Stations that will be placed in the Trust so that by the time the

parties are ready to close the Transaction, they will assign or transfer to the Trust no fewer than the Stations as necessary for the Transaction to comply with the Commission's rules (unless any such required divestiture has taken place at or prior to closing) and no more Stations than are allowable under the Duopoly Rule. Divestiture Trust Applications for Stations that will not be transferred to the Trust will be withdrawn or dismissed prior to grant of the Divestiture Trust Applications.
