Re: WFND-LP, Findlay, Ohio
Request for Special Temporary Authority
Facility ID No. 21475

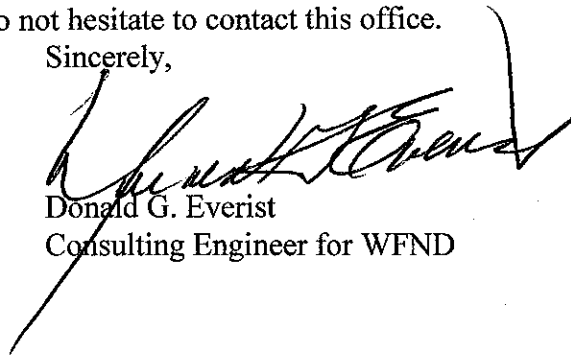

Dear Ms. Dortch:

On behalf of West Central Ohio Broadcasting, Inc., licensee of WFND-LP, Findlay, Ohio, this letter is to request special temporary authority for a period of ninety (90) days to remain silent due to transcoder equipment failure. This off-the-air condition was initially reported by letter to the Federal Communications Commission on September 10, 2014. The WFND-LP predicted service area is fully served by the co-owned full service station WLIO-DT, licensed to Lima, Ohio. Attached is a map showing the predicted WLIO-DT service area totally encompasses the predicted WFND-LP service area.

The Federal Communications Commission will be advised when the WFND-LP service is restored.

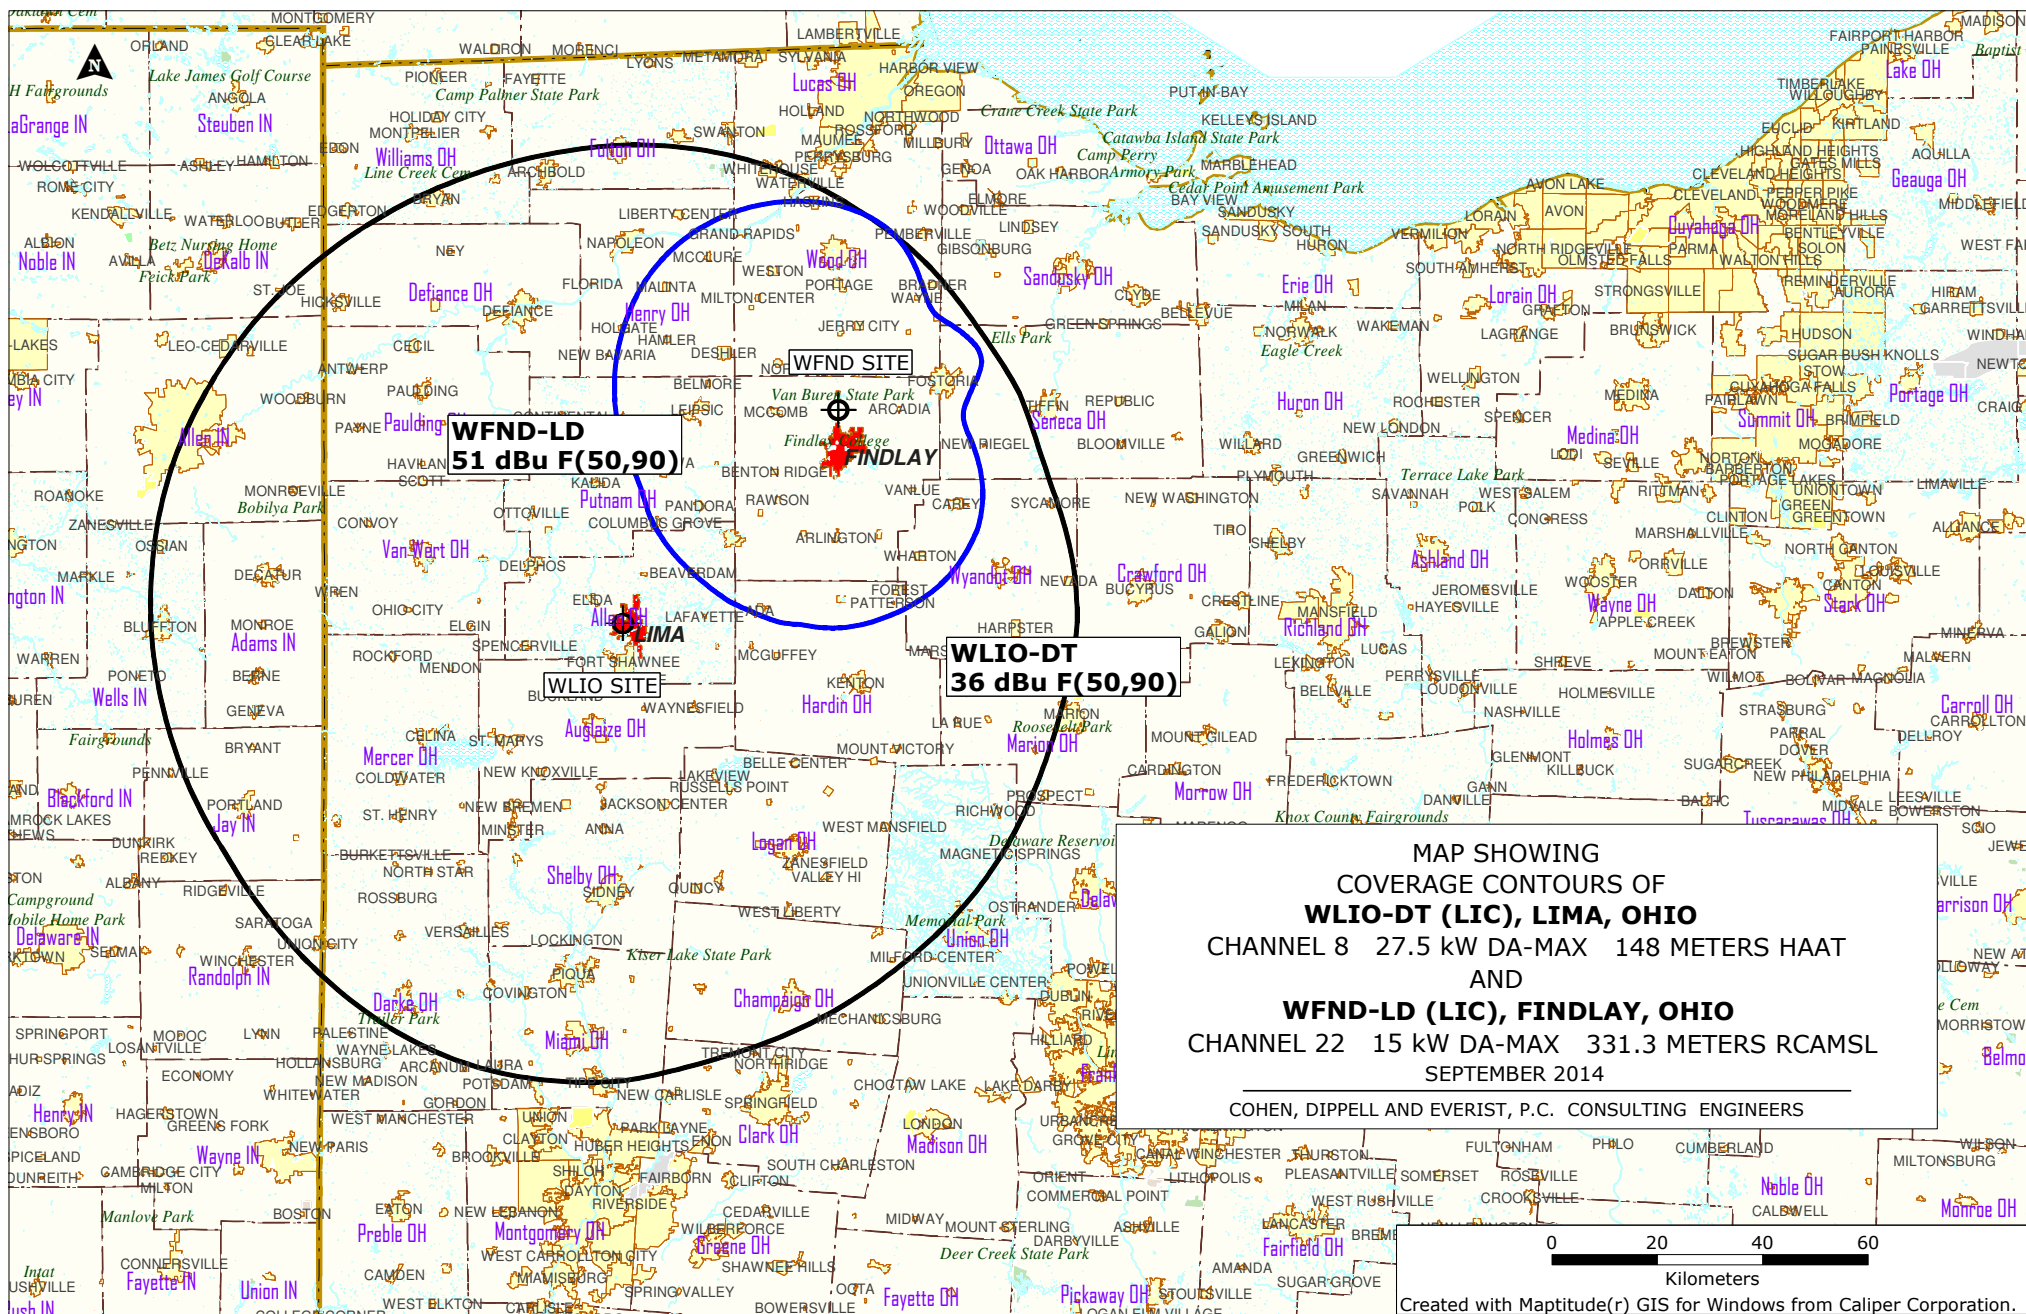

If there should be any questions, please do not hesitate to contact this office.

Sincerely,

Donald G. Everist
Consulting Engineer for WFND
