**Re: Amendment to Educational Media Foundation Proposed Move of
Main Station from KLRD(Fac. ID # 60144) to KYRA(Fac.ID #21689)
File Numbers BALH-20130404ADD and BALED-20130618AAL**

Dear Ms. Dortch:

Transmitted herewith on behalf of Educational Media Foundation (“EMF”), is a letter in accordance with that letter dated August 23, 2013 from Peter Doyle, Chief of the Audio Division, granting EMF a modification of the main studio waiver for a number of stations to move their main station operations for AIR-1 Radio Network from KLRD(FM) in Yucaipa, California to KYRA (formerly KIFR) in Newhall, California. EMF has two assignment applications that have been granted, but not consummated that previously requested a main studio waiver to KLRD (File Numbers BALH-20130404ADD and BALED-20130618AAL). EMF hereby notifies the Commission that KYRA will be the parent station for KOUL and KIFR respectively, and all other representations in the main studio waiver remain unchanged. Thus, EMF requests that the Commission note the change in primary station for these stations upon consummation.

Should any questions arise concerning this matter or if you require additional information, please do not hesitate to contact me. Thank you for your time and attention to this matter.

Respectfully submitted,

By: 
Mary N. O'Connor
