

November 20, 2008

Radio Service, Incorporated

Federal Communications Commission
Media Bureau

To whom it may concern:

I, William J Erickson, licensee by the Federal Communications Commission, license number PG-19-10113, issued on January 2, 1985, do hereby certify that I was present and did witness the installation of the directional antenna manufactured by Propagation Systems, Inc. for the NCE FM radio station owned and operated by Muskegon Community Radio Service Broadcasting Company, Inc., call sign WHEY, 88.9 FM.

On this date, 11-11-2008, all of the manufactures installation instructions were followed to the letter and all pieces, parts, and hardware including Helix and RF connectors were installed by qualified personnel.
