

**MEMORANDUM OF UNDERSTANDING**

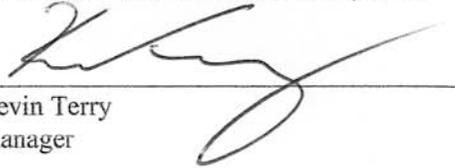

The Montana Radio Company, LLC ("Montana Radio"), licensee of radio station KZUS(FM) Highwood, MT (FCC Facility I.D. No. 164132), and Fisher Radio Regional Group Inc. ("Fisher Radio"), licensee of radio station KWGF(FM) Vaughn, MT (FCC Facility I.D. No. 164134), (collectively, the "Parties"), hereby evince their agreement to each file simultaneously and contingently with the Federal Communications Commission ("FCC"), pursuant to the Report and Order in MB Docket 05-210, 71 Fed. Reg. 76208 (December 20, 2006), FCC Form 301 Applications for KWGF(FM) and KZUS(FM) for Minor-Change Construction Permits.

It its application, KWGF(FM) proposes a one step upgrade from its current Channel 269C3 to mutually exclusive Channel 269C1 at its present antenna site. In order to eliminate the shortspacing that would be created by this upgrade, KZUS(FM), contingently proposes in its application its own one-step upgrade from Channel 270A to mutually exclusive Channel 272C2.

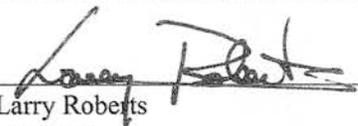

A copy of this Memorandum of Agreement will form an attachment to each of the Applications.

The Parties request that the FCC staff simultaneously and contingently process and grant their Applications for Minor-Change Construction Permits.
