**CUMULUS LICENSING LLC**  
**KENG (FM) RADIO STATION**  
**CH 266A - 101.1 MHZ - 0.20 KW**  
**PARACHUTE, COLORADO**  
**March 2008**

**TECHNICAL STATEMENT**

This Technical Statement was prepared on behalf of Cumulus Licensing LLC ("Cumulus"), permittee of KENG, Channel 266A, Parachute, Colorado (BMPH-20080102ACI). This instant application seeks a license to cover the outstanding permit. A calculation of the transmitter power output of the KENG transmitter is attached as Exhibit A.

There are two special operating conditions or restrictions on the permit. The first condition states that Cumulus will reduce the power of KENG or cease operation, as needed, to insure that persons with access to the tower will not be exposed to radio frequency radiation levels in excess of the Commission's guidelines. Cumulus will comply with this requirement. The second condition notes a change to the FM assignment for KENG from Channel 267C3 at Parachute, Colorado to Channel 266A at Parachute, Colorado. Cumulus acknowledges this condition.

Based on the foregoing, it is believed that KENG is operating in compliance with the Commission's rules.
