

Clear Channel Communications

November 10th, 2011

On November 8th, 2011 under my supervision the WSKX Shively 6810-1R antenna was installed in accordance with the terms listed on the construction permit, file number BPH-20110701ABT and the manufactures specifications detailed on plan number 29440 .

At the time of installatipn a licensed surveyor, John C. Salter from James Verra and Associates was employed to verify the proper orientation of the antenna who's certification is attached.

I certify that I am a qualified radio engineer with more than 27 years experience and that all statements are true and correct to the best of my knowledge and belief.

Respectfully

Ken Neenan
Director of Engineering
