McGuire Industries Eng.

AFFIDAVIT

December 20, 2013

I supervised the installation of the SWR FMECR/2-DA-89.5 two-bay directional antenna system for KSKQ 89.5 FM radio station. Work took place over several days in November and December, 2013. I certify that the antenna was installed according to the manufacturer's instructions.

My qualifications are: I've been a broadcast Engineer for some 20 years working for many broadcast business: M3X Corp., A-L Broadcasting, Hill Broadcasting, Educational Media Foundation, Opus Broadcasting. I am a graduate of Sacramento City College where I Majored in Electronics and also attended Consumnes River College out of the Sacramento area. I also hold a Restricted Radio Telephone License from the FCC.
