Dear Licensee:

Radio License Holding CBC, LLC (RLH CBC), licensee of commercial FM station WSKZ, Chattanooga, Tennessee, is hereby notified of the modification of the WSKZ license¹ to specify operation on Channel 293C0.

On June 27, 2017, Midwest Communications, Inc. (Midwest), licensee of commercial FM station WNFN, Facility ID No. 29862, Millersville, Tennessee,² filed a minor change construction permit application³ requesting modification of the licensed WNFN facilities. The WNFN application proposed that the WSKZ license and allotment be modified to specify Channel 293C0 in lieu of Channel 293C at Chattanooga, Tennessee, in accordance with the procedures set forth in Note 4 of Section 73.3573 of the Commission's rules.⁴ As required, by Commission letter dated July 26, 2017, RLH CBC was notified of the filing of the WNFN application and directed to show cause why the WSKZ license should not be modified to specify operation on Channel 293C0. RLH CBC was afforded 30 days (until August 28, 2017) in which to either file a written statement expressing its intention to seek Commission authority to modify the WSKZ technical facilities to attain at least minimum Class C facilities, or otherwise challenge the WNFN application. In the time allotted, RLH CBC did not express its intention to modify the WSKZ technical facilities or otherwise challenge the WNFN application.
