## **COMPREHENSIVE TECHNICAL EXHIBIT LPTV APPLICATION FOR CONSTRUCTION PERMIT**

**APPLICATION FOR CONSTRUCTION PERMIT  
K53JA, FCC ID 125496  
FCC FILE NUMBER BNPTTL-20000829AWQ  
EICB-TV EAST, LLC**

**Displacement into core of BNPTTL-20000807AGT.** This application is filed to displace this facility from out of core channel 53 to in-core channel 42 with a flashcut to digital. Additionally, the ERP and antenna is revised at a new site. The site and its service contour are in the same community with the underlying CP and enjoy significant overlap with its service contour.

**Interference study.** Longley-Rice interference study shows full compliance with §74.793.

**Use of unregistered antenna structure.** The proposal is mounted near the top of a 24M communications tower in a tower farm. It has been subjected to TOWAIR analysis and shown not to require registration.
