Dear Applicant:

On October 31, 2014, a 60 day letter deficiency was sent to the above licensee for the following reason(s):

The specifications for the proposals antenna show that the antenna requires registration with the FAA. It is noted that you have filed for antenna registration with the FAA. If registration is approved you must file an amendment to update the proposal with the registration information.

If you do not amend your application electronically within 60 days from the date of this letter to resolve the above deficiency, we will dismiss your application.

As of January 13, 2015, no amendment has been filed to resolve the above deficiency; therefore, the above referenced application is hereby dismissed.

Sincerely

Hossein Hashemzadeh  
Deputy Chief  
Video Division  
Media Bureau
