Dear Applicant:

This refers to your attorney's letter dated March 13, 2013, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that due to a power supply equipment failure, the station has been operating at 80% of its authorized power. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the repairs and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until September 14, 2013 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
