As a follow-up to our telephone conversation yesterday, this is to confirm that the following two corrections should be made to File No. BPH-20101126AAG for Station KJUL, Moapa Valley, NV (Facility ID 63769):

1. The name of the licensee of Station KJUL is **Summit American, Inc.**, not its affiliated company, S&R Broadcasting, Inc. Thus, Section I, Item 1 of the Form 301 is corrected to show Summit American, Inc. as the applicant.
2. The Comprehensive Technical Exhibit (Exhibit 34) at page 4 contains a typo in the following sentence: "The proposed antenna is to be mounted 122 meters above ground." That sentence is corrected as follows: "The proposed antenna is to be mounted **396** meters above ground."

If an electronically filed amendment is desired in this instance, please let me know.

Thanks very much,

Shelley
