Multiple Ownership  
FCC Form 314, Section III, Item 6

As indicated in the accompanying Technical Statement and Multiple Ownership Analysis, Cumulus Licensing Corp. ("Cumulus") currently holds the Commission authorization for station WWLD(FM), Tallahassee, Florida. However, Cumulus' ownership of station WWLD(FM) was not considered in the multiple ownership analysis because Cumulus intends to assign the license for station WWLD(FM) to an unrelated party, Monterey Licenses, LLC, prior to acquiring the Commission authorization for station WSLE(FM). An application requesting the Commission's consent to the assignment of the license for WWLD(FM) to Monterey Licenses, LLC is currently pending before the Commission. (File No. BALH-20010713ABI)

Cumulus hereby respectfully requests that the Commission grant the instant application, but provide that the Commission's consent to the assignment of the license for station WSLE(FM) to Cumulus be subject to the condition that Cumulus' consummation of the acquisition of the license for station WSLE(FM) shall not occur until Cumulus shall have first completed, pursuant to the Commission's consent, the assignment of the license for station WWLD(FM) to Monterey Licenses, LLC or another party not under common control with Cumulus.
