

ATTACHMENT TO EXHIBIT 5

STATEMENT RE COMPLIANCE WITH  
FCC MULTIPLE-OWNERSHIP RESTRICTIONS

1. This application for a Minor-Change Construction Permit (the *Application*), filed by Locally Owned Radio, LLC (*Locally Owned*), seeks an authorization for Class C2 facilities for radio station KIRQ(FM), Channel 271C3, Kimberly, Idaho, FCC Facility ID No. 164129 (the *Station* or *KIRQ*). The Station is presently licensed with Class C3 facilities. See FCC File No. BLH-20070514ABY. By means of Construction Permit BPH-20061102ABF, the Commission changed the Station's community of license from Twin Falls, Idaho to Kimberly, Idaho. The Construction Permit also authorized an upgrade of KIRQ to Class C2 status.

2. Due to the challenging economic climate, Locally Owned was unable to implement the upgrade authorized by Construction Permit BPH-20061102ABF, which has just expired. By means of the instant application, Locally Owned is applying for a Class C2 Construction Permit with the same technical parameters as previously authorized. Locally Owned is confident that, with the improving economy, it will be able to implement the upgrade to Class C2 status within the term of the replacement Permit.

3. Locally Owned is the licensee of the following radio stations:

- KIKX(FM), FCC Facility ID No. 28217, Channel 284C, Ketchum, Idaho;
- KIRQ(FM), FCC Facility ID No. 164129, Channel 271C3, Kimberly, Idaho (the facility that is the subject of this application);
- KPDA(AM), FCC Facility ID No. 69857, 1280 kHz, Twin Falls, Idaho;
- KTPZ(FM), FCC Facility ID No. 164127, Channel 224C1, Hazelton, Idaho; and
- KYUN(FM), FCC Facility ID No. 166021, Channel 294C, Hailey, Idaho.

These facilities are considered *home stations* in the Arbitron-defined *Twin Falls (Sun Valley)* radio market, Market No. 236. According to Arbitron, there are twenty-nine (29) stations in that market. See Annex A hereto.

4. However, of the twenty-nine stations listed, KPDA-FM, FCC Facility ID No. 28218, Channel 264C, Gooding, Idaho, is not a *home station* in the Arbitron-defined Twin Falls (Sun Valley) radio market. Rather, KPDA-FM is, in fact, a home station in the *Boise, Idaho* radio market. See Annex A and Annex B hereto.

5. FM Idaho, LLC (*FM Idaho*) is the licensee of station KPDA-FM. FM Idaho is also the licensee of the following radio stations:

- KMHI(AM), FCC Facility ID No. 72657, 1240 kHz, Mountain Home, Idaho;
- KQLZ(FM), FCC Facility ID No. 72658, Channel 256C, Mountain Home, Idaho;
- KSRV(AM), FCC Facility ID No. 35637, 1380 kHz, Ontario, Oregon;
- KSRV-FM, FCC Facility ID No. 35638, Channel 241C, Ontario, Oregon; and
- KWYD(FM), FCC Facility ID No. 7377, Channel 266C0, Parma, Idaho.

Like KPDA-FM, the five stations listed above are home stations in the Arbitron-defined Boise, Idaho radio market. See Annex B.

6. The parties holding attributable-interests in FM Idaho include:

- the Porter Hogan Charitable Trust No. 1, an entity that is the supermajority Member of Locally Owned; and
- individuals who also hold attributable interests in Locally Owned.

7. Notwithstanding the inclusion by BIA of station KPDA-FM in the Arbitron-defined Twin Falls (Sun Valley) radio market, the applicant respectfully submits that station KPDA-FM is not properly included in the station count of that market. Arbitron itself does not consider the station home to that Market. See Annex A, Annex B, and Annex C hereto.

8. Furthermore, in the application underlying Construction Permit BPH-20061102ABF, Locally Owned submitted a Multiple-Ownership analysis that demonstrated the proposal's

compliance with the local radio Multiple-Ownership rule, § 73.3555(a)(1). See Annex D hereto.

In that showing, Locally Owned demonstrated that:

Stations [KTPD(FM), *then KTPZ(FM)*] and [KPDA-FM, *then KAYN(FM)*] are home station to the Boise, Idaho, radio market (see BIA Market Analysis for Boise, Idaho, attached. Boise, Idaho is a rated radio market). Station KMHI(AM) is attributable to the Boise, Idaho, radio market through contour overlap with stations home to the Boise, Idaho, radio market. (Please see attached LMA/Duopoly Contour Map). Stations KSRV(AM) and KSRV(FM) are attributable to the Boise, Idaho, radio market through contour overlap with stations home to the Boise, Idaho, radio market.

Therefore, the only stations attributable to the Twin Falls/Sun Valley, Idaho, radio market as defined by the attached LMA/Duopoly Contour Map are KIKX(FM), [KPDA(AM), *then KTFI(AM)*], [KTPZ(FM), *then KTPD(FM)*], KYUN(FM) and [KIRQ(FM), *then KISY(FM)*]. Found in the data attached, generated from a contour overlap analysis, 70dB $\mu$  for FM stations and 5.0 mV/m for AM stations, there are 26 stations attributable to the Twin Falls/Sun Valley, Idaho, radio market. This count includes KIKX(FM) and [KPDA(AM), *then KTFI(AM)*] as well as [KTPZ(FM), *then KTPD(FM)*], [KIRQ(FM), *then KISY(FM)*] and KYUN.

9. The facility proposed herein has technical parameters that are identical to those previously authorized by Construction Permit BPH-20061102ABF, which was duly granted employing the limits set forth in § 73.3555(a)(1)(iii) of the Commission's Rules, which governs the permissible ownership in a market comprising between 15 and 29 radio stations. Because this application does not propose the introduction of a new facility into the Arbitron-defined Twin Falls (Sun Valley) radio market, the Commission's staff should routinely grant it, on delegated authority.

### Network Affiliation Abbreviations

ABC: ABC Radio Networks  
CIT: Citadel Media  
WESTWD: Westwood One Radio Network

IND: Denotes stations that have not reported to  
Arbitron an affiliation with any of the above  
radio networks

(s) Authorized user of the service as of  
the publication date.

§ 100% Simulcast requesting Total Line  
Reporting under primary station's call  
letters. See "Special Notices" section.

< > Indicates home status is based on  
station's Alternate City ID, rather than  
on station's legally authorized City of  
License.

The data above are the most current data provided to Arbitron as of the last day of this survey period. Stations are listed only if they have met Arbitron's Minimum Reporting Standards for this survey (see "Criteria for Reporting Stations.") The county or split-county listing reflects the geographic location of the station's City of License. Stations for which no Sales Representative or format information is on file with Arbitron are listed above by "N/A." See the "Special Notices" section of this report for additional station information.

The estimates and data contained in this printed report have been obtained from Arbitron's electronic Radio Market Report ("Arbitron eBook") and are for the exclusive use of Arbitron subscribers pursuant to a written license agreement. See the Arbitron eBook for further information on limitations and restrictions on use.

## **ANNEX D**

# ***KLEIN BROADCAST ENGINEERING, L.L.C.***

*dedicated to improving the science and technology of radio & television communications*

**NOVEMBER 2006**

**LMA/DUOPOLY ANALYSIS**

**LOCALLY OWNED RADIO, L.L.C.**

**TWIN FALLS/SUN VALLEY, IDAHO  
UNRATED RADIO MARKET**

**Locally Owned Radio wishes to upgrade the facility of KISY(FM) at Twin Falls, Idaho, from its present class C3 facility to the proposed class C2 facility. This duopoly study reflects that the proposed facility for KISY Class C2 is in compliance with the present ownership rules for unrated markets.**

**Locally Owned Radio, L.L.C. owns or has a principal with an attributable interest in the following stations:**

**KIKX(FM) Ketchum, Idaho  
KTFI(AM) Twin Falls, Idaho  
KYUN(FM) Hailey, Idaho  
KTPD(FM)(CP) Hazelton, Idaho  
KISY(FM)(CP) Twin Falls, Idaho**

**KMHI(AM) Mountain Home, Idaho  
KTPZ(FM) Mountain Home, Idaho  
KAYN(FM) Gooding, Idaho**

**KSRV(AM) Ontario, Oregon  
KSRV(FM) Ontario, Oregon**

**Stations KTPZ(FM) and KAYN(FM) are home station to the Boise, Idaho, radio market (see BIA Market Analysis for Boise, Idaho, attached. Boise, Idaho is a rated radio market). Station KMHI(AM) is attributable to the Boise, Idaho, radio market through contour overlap with stations home to the Boise, Idaho, radio market. (Please see attached LMA/Duopoly Contour Map) Stations KSRV(AM) and KSRV(FM) are attributable to the Boise, Idaho, radio market through contour overlap with stations home to the Boise, Idaho, radio market.**

**Therefore, the only stations attributable to the Twin Falls/Sun Valley, Idaho, radio market as defined by the attached LMA/Duopoly Contour Map are KIKX(FM), KTFI(AM), KTPD(FM)(CP), KYUN(FM) and KISY(FM)(CP). Found in the data attached generated from a contour overlap analysis, 70dBu for FM stations and 5.0mV/M for AM stations, there are 26 stations attributable to the Twin Falls/Sun Valley, Idaho, radio market. This count includes KIKX(FM) and KTFI(AM) as well as KTPD(CP), KISY(CP) and KYUN.**

**Under the limits set forth in 47 C.F.R. Section 73.3555 (a) (1) (iii) the limits of ownership in a market of between 15 and 29 stations is six (6) stations of which no more than four (4) can be in the same service.**

**Locally Owned Radio, L.L.C. can modify and upgrade KISY as proposed to class C2, giving Locally Owned Radio, L.L.C., a total of five (5) stations (one (1) AM and four(4) FM of six (6) allowable in the Twin Falls/Sun Valley, Idaho, radio market as defined by the attached LMA/Duopoly contour map and 47 C.F.R. Section 73.3555 (a) (1) (iii).**

**All of the supporting engineering and market information is included herein.**

**Respectfully submitted,**

**Elliott Kurt Klein,  
Consulting Broadcast Engineer**
