**HOWERTON  
ENGINEERING &  
SURVEYING PLLC**

09-21-2006

Survey Date: September 21, 2006

**For Antenna Direction Certification**

New Radio Tower

WPAY FM

Located on Sheep Hollow-Firebrick Road

Lower White Oak Ridge

Greenup County, Kentucky

FCC-ASR #1250086

COORDINATES 38-40-59.9N 83-0-45.3W NAD83

Corporate Address

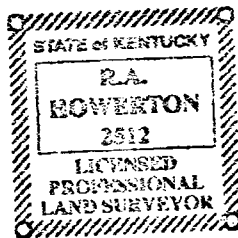

4505 Central Avenue,

Middletown, Ohio 45044

Notes: This certification is based on measurements taken at the base of the tower and makes the following assumptions:

1. That the tower structure is rigid and therefore the faces of it are parallel from the bottom to the height of the antenna (no twisting).
2. That the antenna as depicted on ERI's Drawing 0-1, Dated, 06-20-06 is at a 125 Degree Azimuth from true North.

Antenna direction based on True North is 125 degrees, plus or minus ½ degree.
