Lazer Licenses, LLC
200 South A Street, Suite 400
Oxnard, CA 93030

Re: KSSB (FM), Calipatria, CA
Lazer Licenses, LLC
Facility Identification Number: 52469
Special Temporary Authority
BESTA-20160916AAQ

Dear Licensee:

This is in reference to the request filed September 16, 2016, on behalf of Lazer Licenses, LLC ("Lazer"). Lazer previously explained that high winds on July 8, 2014 damaged KSSB's transmission system, with the result that the station was operating at reduced power. Lazer requests a fifth extension of the STA granted July 17, 2014 for continued operations at reduced power until repairs can be completed, or the station relocated

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has not made progress toward restoration of licensed operation, but is pursuing solutions. Thus, extension of STA is warranted.

Accordingly, the request for STA extension IS HEREBY GRANTED. Station KSSB may continue to operate with reduced power. Lazer must notify the Commission when licensed operation is restored. Lazer must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **March 22, 2017**.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dale Bickel". The signature is written in a cursive, slightly slanted style.

Dale Bickel
