Dear Applicant:

On January 5, 2010, the licensee as addressed above was sent a 30 day deficiency letter outlining the following interference problems:

Our preliminary engineering review reveals that your proposed facility does not comply with the Commission's interference rules. Specifically, the proposal is predicted to cause interference to the following facilities:

CHANNEL 32 KLEW-TV LEWISTON ID DTVPLN-DTVP1173  
CHANNEL 32 KLEW-TV LEWISTON ID BMPCDT-20091009AAR  
CHANNEL 32 K32DE PENDLETON, ETC. OR BLTT-19950127JH

You were given the opportunity to file a minor amendment to resolve these specified problems within (30) days from the date of this letter. Your amendment must be filed electronically. If not so amended, your application will be considered incomplete and subsequently dismissed.

Our records show that as of September 15, 2010, an amendment was filed on October 22, 2009. Our current interference analysis shows the following continued interference to the same facilities and construction permits as addressed in the above letter:

CHANNEL 32 KLEW-TV LEWISTON ID BMPCDT-20091009AAR  
CHANNEL 32 K32DE PENDLETON, ETC. OR BLTT-19950127JH

As a result of the continued interference to the facilities mentioned above, the above referenced displacement construction permit is considered incomplete and **IS HEREBY DISMISSED.**

Sincerely

Hossein Hashemzadeh
