

## TECHNICAL EXHIBIT

This Application specifies the use of a modified antenna pattern from that previously proposed by the Applicant.

This Application specifies the use of a full service emission mask.

Letters are provided by the licensee that is affected by this Application (KVMD Licensee Co., L.L.C., the licensee of Stations KVMD(TV), Twentynine Palms, California and KIMG-LP, Ventura, California) confirming that the affected licensee agrees to the acceptance of any interference caused by this Application and to Applicant's use of a full service emission mask.

No other changes are proposed to the licensed facility.
