This application is one of several concurrently filed applications seeking the Commission’s consent to a proposed transaction in which GCI Liberty, Inc. (“GCI Liberty”) will be merged into a subsidiary of Liberty Broadband Corporation (“Liberty Broadband”). Upon the conclusion of this transaction, subsidiaries of GCI Liberty, including those that hold FCC broadcast licenses, will operate as indirect, wholly-owned subsidiaries of Liberty Broadband. The proposed transaction is described in further detail in the separately attached Public Interest Statement.

I. THE BROADCAST LICENSEES

GCI Liberty is the indirect 100% owner of two broadcast licensees (collectively, the “Broadcast Licensees”), which collectively hold ten broadcast licenses. GCI Liberty seeks Commission consent to transfer control of these licenses from GCI Liberty to Liberty Broadband. Each license will remain under the direct control of its respective, current licensee. These licensees and their respective licenses are described below:

Denali Media Anchorage Corp.

<u>Call Sign</u>	<u>Type of License</u>	<u>Facility ID</u>	<u>Community of License</u>

K50MO-D	UHF DTV Translator	49625	Palmer, AK
KTVA	Commercial DTV Station	49632	Anchorage, AK

Denali Media Juneau Corp.¹

<u>Call Sign</u>	<u>Type of License</u>	<u>Facility ID</u>	<u>Community of License</u>
KTNL-TV	Commercial DTV Station	60519	Sitka, AK
KXLJ-LD	UHF Digital Low Power	184508	Juneau, AK

II. TRANSFEROR INTERESTS

The interests held by the current interest-holders in the Broadcast Licensees are as follows:

¹ At the time of this application, Denali Media Juneau Corp. is also the licensee of the broadcast television station with the callsign KUBD. However, an application is currently before the Commission to assign this license to Gray Television Licensee, LLC. *See* Application for Consent to Assignment of Broadcast Station Construction Permit or License, File No. BALCDT-20200820AAH (filed August 21, 2020). GCI Liberty anticipates that this assignment will likely have been consummated prior to Commission approval and consummation of the transaction described herein.

The officers listed below of certain Broadcast Licensee parent companies have “duties and responsibilities . . . wholly unrelated to the broadcast licensee.”² Therefore, these

² See 47 C.F.R. § 73.3555 n.2(g).

individuals have been excluded from the lists of interest-holders above and should not be deemed to have cognizable interests in the Broadcast Licensees by virtue of their positions as officers or directors of these entities.³

The Broadcast Licensees for which this submission is being filed are indirect subsidiaries of GCI Liberty. As explained in the separately attached Public Interest Statement, GCI Liberty is a multifaceted company that offers numerous telecommunications and other services which are unrelated to broadcast television service. In light of GCI Liberty's multifaceted business, there are numerous individuals whose duties and responsibilities are unrelated to the Broadcast Licensees, at the ultimate parent company level and at the level of intermediate corporate entities between GCI Liberty and the Broadcast Licensees.

The Commission has found that it is "appropriate to provide attribution relief for corporate officers or directors of multi-faceted parent corporations where these individuals' duties and responsibilities are neither directly nor indirectly related to the activities of any broadcast licensee in which their corporation has a cognizable interest."⁴ Thus, for example, the Commission has waived attribution of a director of a parent company in that company's broadcast licensee, upon a showing that the director's responsibilities were unrelated to the broadcast licensee.⁵

The following individuals should not be deemed to have cognizable interests in the Broadcast Licensees under this standard.
