

APPLICATION FOR STATION LICENSE
BMP RGV LICENSE COMPANY, L.P.
KESO (FM) RADIO STATION
CH 224C2 - 92.7 MHZ - 38.0 KW
SOUTH PADRE ISLAND, TEXAS
June 2012

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of BMP RGV License Company, L.P. ("BMP"), licensee of radio station KESO, Channel 224C2, South Padre Island, Texas. BMP holds an outstanding permit which authorizes minor changes for KESO (BPH-20120424AAE). BMP herein submits a license application to cover the outstanding permit. A calculation of the transmitter power output of the KESO transmitter is attached as Exhibit A.

There are two conditions/restrictions on the KESO permit. The first condition states that the KESO construction permit was authorized pursuant to §73.215. BMP acknowledges this condition.

The second condition states BMP will reduce the power of KESO, or cease operation in coordination with other users of the tower, to protect persons having access to the site from radio frequency electromagnetic fields in excess of FCC guidelines. BMP will comply with this condition. Based on the foregoing, it is believed that KESO is operating in compliance with the Commission's rules.
