SUBJECT: Letter of Consent for KSDQ

DATE: May 20, 2009

Dear Mr. Bales,

The purpose of this letter is to provide you with consent to construct a new 12 KW-DA NCE FM station on 88.7 MHz. KMOS-TV has ceased broadcasting an analog signal on channel 6 and therefore your new construction will not cause KMOS-TV any interference problems. Good luck on your project.

Sincerely,

A handwritten signature in purple ink that reads "Donald W. Peterson".
