Mr. Nguyen...

This letter is to inform you and the FCC that KEZM-AM has no intention of operating with the Isotron antenna proposed in BSTA-20180306ACX. The antenna was never installed. Therefore, that STA should be superceded by BESTA-20181010AAU. The BESTA-20181010AAU is a request for the extension of the facilities granted in BESTA-20180329ABU.

Thank you, and I apologize for any confusion.

Sincerely,
