KVLR, Sunset Valley, TX Facility ID 19223
Amendment to BPH-20130911AAE

EXHIBIT 28

February 2014

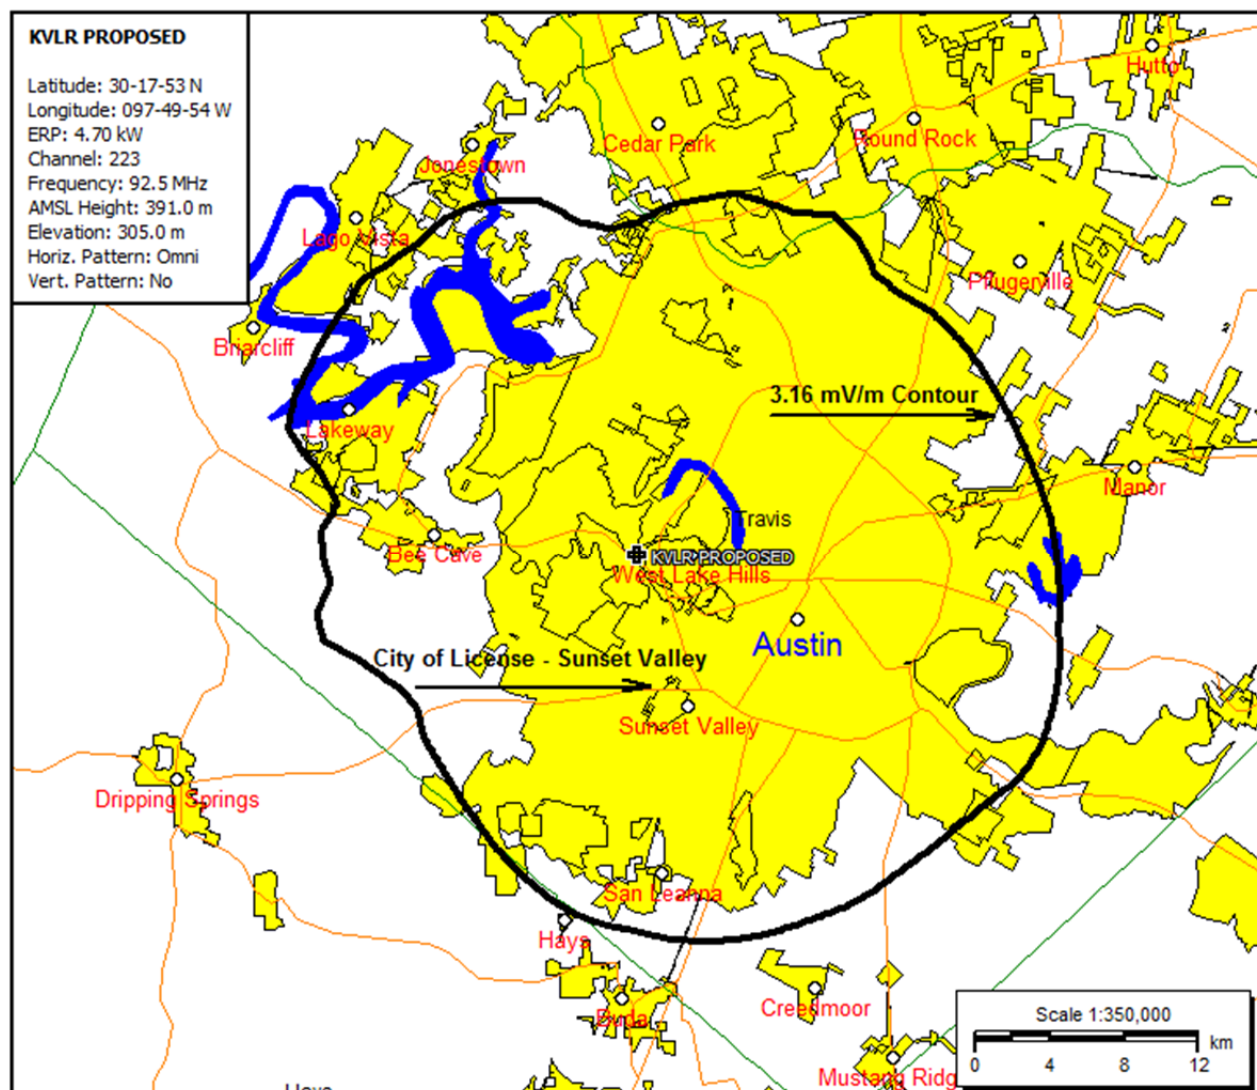

Community Coverage Compliance with Section 73.315

The proposed amendment to the pending minor change application specifies a move to a new site which maintains the proposal for an upgrade from Class A to Class C3. The proposed 3.16 mV/m contour will cover the community of license of Sunset Valley, TX.

A theoretical allotment site has been identified that will provide 3.16 mV/m contour coverage over Sunset Valley, TX. The allotment site is located 19.9 km from the proposed KVLR site and is fully spaced to other broadcast facilities in accordance with Section 73.207.

Based on this, the facilities proposed in this application are in compliance with the community coverage requirements of Section 73.315.
