

**Multiple Ownership**

This minor change application is consistent with the Commission's revised local radio multiple ownership rule, 47 C.F.R. § 73.3555(a).

*San Antonio Arbitron Metro*

BMP San Antonio License Company, L.P. ("BMP San Antonio"), the licensee of KLEY-FM, Jourdanton, Texas, currently holds an attributable interest in the following radio stations that are: (i) licensed to communities in the San Antonio Arbitron Metro market (the "Metro"); or (ii) "home" to the Metro:

KSAH(AM), Universal City, Texas  
KTFM(FM), Floresville, Texas  
KRIO-FM, Pearsall, Texas  
KLEY-FM, Jourdanton, Texas  
KFNI(AM), Pleasanton, Texas  
KZDC(AM), San Antonio, Texas

BIA's Media Access Pro database reports that there are a total of 52 full-power commercial and non-commercial domestic radio stations licensed to (or home to) the Metro. Pursuant to this application, BMP San Antonio would continue to hold an attributable interest in six domestic radio stations (3 FM and 3 AM) in the Metro. The Commission's revised multiple ownership rule permits common ownership of up to eight full-power stations (and not more than five in a single service) in a market the size of the Metro.
