Application W228DX  
Permit File Number: BMPDT-20180330ABJ  
Subject: Additional Information for Application Form 350

Reference "Special Operating Condition" #3.

W228DX Translator will not share or combine with any antenna or its feedline at any time.  
W228DX will operate from its own antenna and feedline.

Discussion by telephone, 7/20/2018, with Washington, DC FCC representative clarified "shared" and concluded a waiver request of this condition would be appropriate.

Reference "Special Operating Condition" #4.

AM Station complied with the indirect method measurement of operating power.

No changes to the AM operating parameters resulted from the installation of the W228DX antenna or its appurtenances.

AM Station returned to direct power measurement.

Submitted,

A handwritten signature in black ink, appearing to read 'Chris Courson', with a long horizontal flourish extending to the right.

Chris Courson  
Chief Engineer, WMBG-AM/W228DX
