

APPLICATION FOR STATION LICENSE
SEA-COMM, INC.
W240AS FM TRANSLATOR STATION
CH 240D - 95.9 MHZ - 0.250 KW
WILMINGTON, NORTH CAROLINA
March 2011

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Sea-Comm, Inc. ("Sea-Comm"), licensee of FM translator station W240AS, Channel 240D, Wilmington, North Carolina.¹ Sea-Comm has a construction permit (BPFT-20110125ABQ) to make minor changes to FM translator W240AS, which include a relocation to a new site and an increase in height and power. Sea-Comm herein submits a license application to cover the outstanding permit. Attached as Exhibit A is a calculation of the transmitter power output for FM translator W240AS. There are two special operating conditions/restrictions listed on the W240AS permit.

The first condition states that the permittee will reduce the power of W240AS or cease operation to insure persons with access to the site are not exposed to radio frequency radiation levels above the limits. Sea-Comm states that it will, in cooperation with other tower users, reduce the power of W240AS or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines.

The second condition states that an application for station license, FCC Form 350, must be on file prior to commencing program tests with the facilities authorized in the permit. The

1) An assignment of license from Wilmington Christian Academy to Sea-Comm, Inc. was approved by the Commission on March 16, 2011. The consummation notification has been submitted.

submission of this instant application satisfies the condition. Based on the foregoing, it is believed that all conditions have been satisfied and W240AS has been constructed in compliance with the Commission's rules.
