Request for Correction of FM Broadcast Station License
File No. BLH-19901205KE
KKLI(FM), 106.3 MHz, Widefield, CO; Facility ID No. 67187**

Dear Ms. Dortch:

On behalf of Capstar TX Limited Partnership, (“Capstar”), the licensee of KKLI(FM), Widefield, Colorado (the “Station”), we hereby request a correction on the Station’s license (BLH-19901205KE; attached) of the overall height of antenna structure above ground level from 62 meters to 60.7 meters.

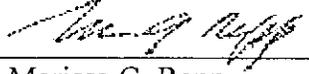

Recent analysis of the Station’s tower revealed the initial measurement to be incorrect. The correct height of the tower is 199 feet (60.7 meters). Moreover, the tower location passes TOWAIR, so that no Antenna Structure Registration Number needs to be associated with the antenna structure. The other existing parameters on the license are correct and require no change.

Any communications regarding this matter may be addressed to the undersigned.

Marlene H. Dortch, Secretary
