AM Partial Proof of Performance

Existing Station - AM Station KIQQ - Barstow, CA
New Construction - FM Station K220IF - Barstow, CA

At the request of EDUCATIONAL MEDIA FOUNDATION, Licensee of proposed new construction K220IF, I performed a Partial Proof of Performance on AM Station KIQQ in Barstow, California during the period 13 - 15 January 2002. The results of this Partial Proof are included in this document by exhibit.

The undersigned is a project engineer engaged in providing broadcast support services to several entities. I have been engaged in general communications work for approximately 30 years and was an owner of a Radio Common Carrier operation during the 1980's. I also was a Chief Operator for a Directional AM and Non Directional FM combo in Missouri during the mid-1990's. I hold a Bachelor's Degree in Business Management from Tarkio College in Tarkio, Missouri and retired from the Missouri Army National Guard as a Battalion Communications Chief (E7). In addition I am a licensed Amateur Radio operator (N0JWL). My experience is known to the staff of the Kansas City, Missouri FCC Field Office.

Through self education and 30+ years of practical experience in a variety of communications systems, both military and civilian, I have made myself familiar with the concepts and practices necessary to perform, measure and interpret the material contained herein.

THEREFORE, I, HAROLD S. VOGT certify that the material, measurements and conclusions contained herein are true and correct to the best of my knowledge and belief.
