

**Supplement to Exhibit 4**  
**Justification for Omitted Schedules to Asset Purchase Agreement**

The attached Asset Purchase Agreement constitutes the full agreement between the parties except for the following omitted schedules (with the basis for each omission listed below):

Schedule 1.1(b) – Tangible Assets

This schedule has been omitted because the identification of Seller's tangible assets that are being sold is not relevant to the FCC's review of applications for assignment of licenses. The Asset Purchase Agreement states that tangible assets necessary to operate the Station are being sold.

Schedule 1.1(c) – Assumed Contracts

This schedule has been omitted because a listing of Seller's business contracts is not relevant to the FCC's review of applications for assignment of licenses.

Schedule 1.1(e) - Intangibles

This schedule has been omitted because a listing of Seller's intangible assets is not relevant to the FCC's review of applications for assignment of licenses.

Schedule 1.4 – Non Competition Agreement

This schedule has been omitted because the terms upon which Seller's principal agrees to forgo from participating in the businesses that are subject to the Asset Purchase Agreement are not relevant to the FCC's review of applications for assignment of license.
