

While the instant minor modification application would not require response to the multiple ownership/duopoly question, in light of the fact that there is pending an application for transfer of control of the licensee of Station KSRV-FM and KSRV(AM) (BTC-20040614AFU) this exhibit is submitted to establish that this application would be acceptable under the FCC's rules with respect to the proposed transferee, FM Idaho, LLC and its principals.

FM Idaho, LLC, currently has no other ownership interests in media of mass communications. However, Wendell M. Starke, Manager of FM Idaho Co., LLC, is the Chairman of the Board of Managers of Locally Owned Radio, LLC, and The Porter Hogan Charitable Trust #1, Member of FM Idaho Co., LLC holds a 90% Membership interest in Locally Owned Radio, LLC. Locally Owned Radio, LLC is the licensee of the following stations:

KISY(FM), Gooding, ID  
KIKX(FM), Ketchum, ID  
KTPZ(FM), Mountain Home, ID  
KMHI(AM), Mountain Home, ID  
KTFI(AM), Twin Falls, ID

As reflected in the attached duopoly study and exhibits prepared by Klein Broadcast Engineering, LLC, the principal community contour of the modified facilities of KSRV-FM proposed herein would continue to overlap with the principal community contour of the existing facilities of KSRV-AM as well as the principal community contours of Locally Owned Radio, LLC stations KMHI(AM), KPTZ(FM) and KISY(FM) in the "Boise" market.

As further established in the attached Duopoly Showing, there are a total of 33 stations comprising the market as defined by the FCC's rules. Pursuant to the FCC's rules, in markets with between 30 and 44 stations, entities under common control may have a cognizable interest in up to 7 stations no more than 4 of which may be in the same service. Since the proposed application (and the pending transfer of control application) would result in entities under common control having cognizable interests in a total of 3 FMs and 2 AMs in the Boise market, the proposed modification would be acceptable under Section 73.3555 of the FCC's rules.
