In re: Low Power Television Application of:
Digital Networks-Midwest, LLC
Channel 40, Albert Lea, MN
File number: BDFCDTL-20111205ABW
Facility Id No.: 129454

Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that your proposed facility does not comply with the Commission's 30 mile rules. The proposed tower is 34.3 miles from your current site. A waiver of this rule is requested stating that the proposed site is the only one that could be found that would allow the proposal to be receivable, due to the general direction of the full power antenna farm. This waiver request is denied and you are required to comply with the 30 mile rule.

You are required to electronically amend your application to resolve these specified problems within (30) days of the date of this letter. If not so amended electronically, your application will be **CONSIDERED INCOMPLETE AND SUBSEQUENTLY DISMISSED.**

Sincerely

Hossein Hashemzadeh
