Directional Antenna Installation Certification

This is a certification that the directional antenna system for WCIB Falmouth, MA was assembled and installed pursuant to the instructions provided by the manufacturer, Shively Labs. I supervised the installation of the Shively model 6810-2R-SS(0.5)-DA directional antenna during the week of November 16, 2014.

I am presently a Regional Engineer for iHeart Media, hold an FCC General Class Radiotelephone Operator's License number PG-2-10532, have been actively engaged in broadcast engineering fulltime for over 30 years, and have overseen numerous FM antenna installations.

A handwritten signature in black ink, appearing to read "Michael C. Guidotti".
