FEDERAL COMMUNICATIONS COMMISSION
Washington, D.C. 20554

Callsign: WNJI-LP

Service Type: FL Class: LP1

Facility ID: 197099

Due to tropical storm Isaias, WNJI-LP FM 95.9, Kearney NJ, we are requesting an STA for 30 days. This facility was not aware of the extent of the damaged that was done to the antenna until August 6, 2020, when it was decided to go off air and to make the necessary repair as soon as possible. Unfortunately, we have to order some additional parts from different states that will take some time due to COVID-19 restrictions.

We do earnestly seek your help in this matter.

Thanks in advance,

Lorna Dohman

Board Member
