Subject: Conundrum Communications

Barry,

Per our phone conversation, we are dismissing by public notice the Informal Objections filed by Percheron Growth, LLC, against the new translator applications filed by Conundrum Communications Investments, Inc. (BNFPT-20130328ARN, BNPFT-20130328ARO, BNPFT-20130328ARP). A Settlement Agreement filed by both parties on October 23, 2014, requested the dismissal of the informal objections filed by Percheron against two of Conundrum's renewal applications (BRH-20121231AMI and BRFT-20121231AMJ). The translator objections reference the renewal objections, which have been dismissed, and raise the same issues as the renewal objections. Therefore the translator objections appear to be moot.

Best,
Alex
