Minor Change Application

The proposed minor change of K211ED will have 60 dBu contour overlap in excess of 50% with co-owned FM translator K263AK, Wichita Falls, TX. This application is proposing to move to the same site as K263AK, however, both have separate primary stations. K211ED will be fed direct off-air by KZKL, Wichita Falls, TX, and K263AK is fed direct off-air by KYDA, Azle, TX.
