On behalf of RGW Investments, LLC, the licensee of digital television station KTGF, Great Falls, Montana, the Media Bureau is requested to dismiss the license application filed with the Commission on December 20, 2010 (File No. BLCDT-201012220AAV). See excerpt below from CDBS.

The above-referenced application erroneously stated that no filing fee was necessary. However, in order to submit the requisite filing fee, it was necessary to file a new license application on December 22, 2010 (File No. BLCDT-201012222AAH). The aforementioned application should be substituted for BLCDT-201012220AAV.

Should you have question concerning this matter, please let me know.
