

Supplement to Exhibit 20

Transaction Description and National Ownership Cap Showing

This Supplement further describes the specific Cordillera interests to be transferred to Scripps, provides Exhibits A and B to the Purchase Agreement, and demonstrates that Scripps stations' coverage of U.S. television households after the Transaction would remain well under the 39 percent national ownership cap set out in Section 73.3555 of the Commission's rules.

While the Seller in the Transaction is Cordillera Communications, LLC, and Cordillera is the parent of KVOA Communications LLC, ("KVOA LLC")—licensee of Station KVOA(TV), Tucson, AZ ("KVOA") — no transfer of control of KVOA LLC to Scripps is contemplated. As the attached Exhibits A and B to the Purchase Agreement confirm, the 10 applications associated with the Transaction only seek approval for the transfer of control to Scripps of the 10 specific Cordillera subsidiaries listed on Exhibit B (the "Acquired Companies"), and the Acquired Companies are the licensees only of the Stations listed on Exhibit A.

Since no change in control of Cordillera itself is contemplated, there would be no transfer of control to Scripps of Cordillera's KVOA subsidiary.

National ownership cap showing

Attachment 1 to this Supplement is a chart based upon recent Nielsen data showing that the reach of the Scripps stations post-Transaction would extend only to 12.690% of U.S. television households when applying the UHF discount and to 20.096% of U.S. households without applying that discount—well below the 39% national ownership cap.
