

July 15, 2011

Marlene H. Dortch, Secretary
Federal Communications Commission
Office of the Secretary
455 12th Street, SW
Washington, DC 20554

Dear Ms. Dortch:

On behalf of Kelly Broadcasting System Corp., licensee of WNIK-FM, Channel 293B1, Arecibo, PR, Facility ID Num. 33877, this is to advise you that pursuant to Section 73.1560(d) of the Commission's Rules that WNIK-FM has been operating under low power conditions since July 5, 2011, due to a lightning strike that damaged the antenna system. The station is currently operating at significantly reduced power using a single bay backup antenna and will soon file a request to operate under an STA for an extended period, as it is now evident that the antenna repair will take considerable time.

Please, date stamp the extra copy of this letter as having been received and return it in the enclosed self-addressed, stamped envelope.

Should there be any questions concerning this request, please communicate with us at the address shown below.

Respectfully submitted,

Raúl Santiago Santos
