RE: KLPX Tower
AS #05013

Dear Mr. Brinks:

This letter shall serve to certify that Amerson Surveying field verified that the antenna for the tower located at the Houghton Road site is on an Azimuth of 53°00'00". We verified this alignment from our nails that we set on an Azimuth of 53° at approximately 830.00 feet northeast of the tower.

The enclosed field notes reflect that the height of the lower antenna is 478.14 feet above ground and the height of the higher antenna is 489.24 feet above ground. The mean height between them is 483.69 feet above ground.

Please call if you have any questions or concerns. Thank you.

Sincerely,

MICHAEL K. AMERSON
