FCC Form 301 §III-D, Question 13

Grant of this application is not considered to be a major environmental action as defined by Section 1.1307 of the FCC Rules. None of the conditions listed in Section 1.1307(a) are believed to apply.

The proposed operation will comply with the FCC guidelines limiting public exposure to radio frequency energy. Calculations performed in accordance with FCC OET Bulletin No. 65 (August 1997) show the worst-case power density due to the KTVA-DT operation, along with the collocated KTVA(TV) and proposed KTBY-DT operations, to be under 2% of the FCC public limit at a calculation height of 2 meters above ground.
