Re: Radio Station WBNZ (FM), Frankfort, MI (FAC # 57414);
Response to FCC Letter dated May 26, 2016 (Ref. 1800B3-VM)

Dear Madam Secretary:

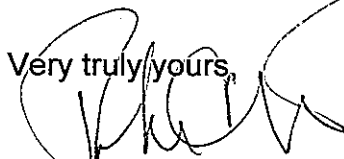

On behalf of Roy E. Henderson, the Licensee of Radio Station WBNZ (FM), Frankfort, Michigan (FAC # 57414) ("Station" or "WBNZ"), we hereby respond to the Staff's August 24, 2016 Letter ("Letter") requesting additional information (Ref. 1800B3-VM)¹.

As previously advised, the Licensee can definitively state that the Station has at no time been silent for more than one year. Enclosed herewith please find the following Declarations: Licensee Roy E. Henderson; Station Manager, Tina Langley; and Station Consulting Engineer, Dan Hills. Additional information is provided and clarifications have been made by Ms. Langley and Mr. Hills with respect to the operation of Station.

The information provided herein is clear and convincing evidence that Radio Station WBNZ (FM) has been operational since February 19, 2015.

If the Staff should require any further information pertaining to the Station, Please feel free to contact this office.

Very truly yours,

John C. Trent, Esq.
Counsel to Roy E. Henderson

cc w/enc: Victoria McCauley, FCC (via e-mail)

¹ The FCC staff graciously granted this Counsel a one week extension on which to respond to the Letter.

DECLARATION OF ROY E. HENDERSON

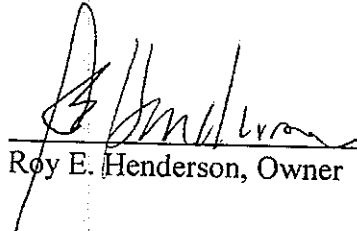

I, Roy E. Henderson, declare under the penalty of perjury that the following is true and correct to the best of my knowledge and belief.

1. As previously advised in my July 21, 2016 Declaration, I am the Owner of Radio Station WBNZ (FM), Frankfort, Michigan (FCC Facility ID No. 57414)("WBNZ").

2. Other than brief periods of maintenance and for a short period in January of 2015 due to pipe bursting and flood of our main studios, WBNZ has not been silent for more than one year.

3. Attached hereto are the Declarations of my Station Manager Tina Langley and my contract Consulting Engineer Dan Hills. They further provide information which addresses the on air status of WBNZ.

The foregoing was signed this 12th day of September, 2016.

Roy E. Henderson, Owner

DECLARATION OF TINA LANGLEY

I, Tina Langley, declare under the penalty of perjury that the following is true and correct to the best of my knowledge and belief.

1. As previously advised to the FCC, I am the Station Manager for Radio Stations WBNZ (FM), Frankfort, Michigan (FCC Facility ID No. 57414)("WBNZ" or "Station"), WLDR-FM, Traverse City, Michigan and WARD (AM), Petoskey, MI (FCC Facility ID No. 79338) (together the "Stations").

2. In response to the FCC's August 24, 2016 Letter ("Letter") requesting additional information please find attached as Exhibit 1, four listener Declarations (Gene L. Kerby, Cheryl Geering, Thomas Scott Powell and Kirk Lorenz) which state that they are regular listeners and they confirm that the station was on the air during the period of time it is alleged to be silent.

3. In the Letter, it is indicated that we did not provide bills with respect to WBNZ, this is simply incorrect. I attached those to my last declaration. I provided the studio utility bills and the power information regarding our tower site and our relationship with the Benzie County Road Commission ("Road Commission"). It is obvious there was confusion with the respect to our tower site, and as such, I shall explain further. Benzie County Road Commission is a tower tenant of the licensee Roy E. Henderson. Due to power issues, arraignments were made with the Road Commission whereby WBNZ would utilize their power for WBNZ; as such WBNZ would not receive a power bill. Attached hereto as Exhibit 2, is a Letter Agreement dated July 25, 2016 confirming this arraignment and reflects it has been on going during the period that it is "claimed" that WBNZ was silent.

4. You have indicated that the paperwork we submitted pertained only to WLDR-FM, which again is incorrect. As indicated in my last declaration, we generally simulcast and as such the bulk our paperwork is listed under WLDR-FM as it is done so as a business operational convenience. I have however attached hereto as Exhibit 3, a sample of our Westwood One Affidavit regarding spots that specifically ran on WBNZ. This sample is for the period is from June 15, 2015 thru June 28, 2015, part of the same period it is alleged we were silent.

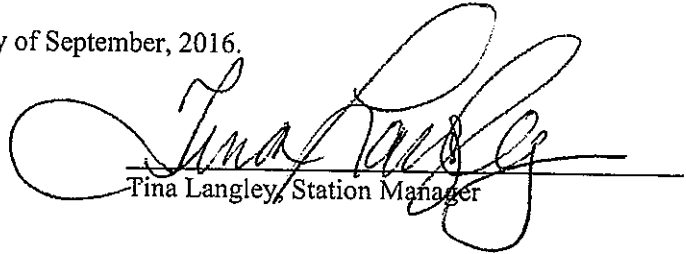

5. Further, attached hereto as Exhibit 4 are a sampling advertising orders and payments from advertisers which have been written with advertisers for periods in June and July 2015. These orders and checks are *specifically designated* "WBNZ".

6. In your letter you state that you require the transmitter site information. You further state you state that pictures of the transmitter are to be provided. We do not have photos of the transmitter site during 2015-2016; this is something we generally would not have. With respect to the transmitter site, it is located at 1532 Forrester Road, Frankfort, MI 49635. The Tower is owned by Mr. Henderson and it is

properly registered with the FCC (see ASR 1023398). With respect to technical operation information, that will be addressed in the Declaration of our station engineer Dan Hills.

7. I believe my Declaration with the exhibits provided clearly provided definitive evidence that Radio Station WBNZ has been operating since February 19, 2015.

The foregoing was signed this 12th day of September, 2016.

Tina Langley, Station Manager

DECLARATION OF DAN HILLS

I, Dan Hills, Contract Engineer, dB Technical Services, LLC, declare under the penalty of perjury that the following is true and correct to the best of my knowledge and belief.

1. As previously advised in my July 13, 2016 Declaration, I provide 'as needed' engineering services and technical support (by contract) to Radio Station WBNZ (FM), Frankfort, Michigan (FCC Facility ID No. 57414)("WBNZ" or "Station").

2. My client provided me a copy of the FCC's August 24, 2016 Letter ("Letter") requesting additional information on the operation of the Station. As I have previously declared, WBNZ has at no time been silent for more than one year.

3. With respect to the technical operations of WBNZ, the Station transmitter site and tower are located at 1532 Forrester Road, Frankfort, MI. The Lat/Long is- 44-36-38N x 86-09-38W. The Tower is owed by Roy E. Henderson and it has the antenna structure registration number 1023398.

4. The Station is operating from its tower and is using its authorized 3 bay ERI MP-3E-DA antenna at its proper height pursuant to BLH-20110224AAK. The Station is currently authorized at 50kW, but due to power and transmitter issues, WBNZ is temporarily operating at approximately 1.4kW E.R.P.

3. I have advised Mr. Henderson to promptly notify the Commission of this reduced power and request a formal Special Temporary Authority.

The foregoing was signed this 12th day of September, 2016.

Dan Hills, Contract Engineer for WBNZ
dB Technical Services, LLC
