

## **CONTINGENT APPLICATIONS NARRATIVE STATEMENT**

The present application is one of two related, simultaneously filed applications submitted for processing under Section 73.3517(e) of the Commission's Rules (the contingent application rule). The two applications request minor modifications to the facilities of Radio Stations KARS-FM, Laramie, Wyoming and KTRR(FM), Loveland, Colorado. The application of KARS-FM is contingent on the application of KTRR(FM). The licensee of each station is Regent Broadcasting of Ft. Collins, Inc. ("Regent"). Both applications are filed to implement MB Docket No. 03-144.

Regent hereby requests that the Commission process the two modification applications together, and take action on each application simultaneously. The contingent application rule requires that the contingent minor modification applications be accompanied by a copy of the agreement to make coordinated facility modifications. *See* 47 C.F.R. § 73.3517(e). In this case, Regent is the licensee of both radio stations whose facilities are being modified. Thus, there is no need for a facilities modification agreement to coordinate the facilities modifications.
