

**APPLICATION FOR STATION LICENSE**  
**GLORY COMMUNICATIONS, INC.**  
**WLJI FM RADIO STATION**  
**CH 252C3 - 98.3 MHZ - 16.0 KW**  
**SUMMERTON, SOUTH CAROLINA**  
**November 2008**

**TECHNICAL STATEMENT**

This Statement was prepared on behalf of Glory Communications, Inc. ("GCI"), licensee of radio station WLJI, Channel 252A, Summerton, South Carolina. GCI holds an outstanding construction permit to upgrade to Channel 252C3 WLJI (BMPH-20080613ABZ). This instant application seeks a license to cover this outstanding construction permit.

Construction of the WLJI facilities has been completed, and the station is operating pursuant to automatic program test authority. Attached as Exhibit A is a calculation of the transmitter output power for WLJI. The WLJI facilities have been constructed as authorized in the underlying permit.

There were three conditions condition placed on the permit. The first condition relates to the reduction of power to ensure persons having access to the site are not exposed to radio frequency radiation levels in excess to those specified in the Commission's rules. GCI herein re-states that it will reduce the power of WLJI or cease operation, as necessary, to ensure compliance with the rules. The second condition states that BMPH-20080613ABZ was a §73.215 grant, which the licensee confirms. The third condition verifies that Chanel 252C3 replaces Channel 252A in Summerton, South Carolina, which the licensee confirms.
