Gentlemen:

This is in reference to your request for Special Temporary Authority to operate the above-captioned Class A Television station.

In light of the facts set forth therein, your request for Special Temporary Authority IS HEREBY GRANTED to operate the station in accordance with the specifications in the above application. Based on coordination with NRAO, This authority is conditioned upon the effective Radiated Power (ERP) is restricted to 4.8 watts at Azimuth 273 degrees True.

To meet this Special Condition, the Applicant shall:

1. Use the final engineering submitted by Joseph Davis Chesapeake RF Consultants LLC, on 9-11-2012, indicating that all facilities meet ERP restriction.
  - a. Cancellation antenna shall be mounted in close proximity to the feed antenna.
  - b. Field measurements shall be performed at the first obstacle confirming field strength and phase adjustments sufficient to meet NRAO protection criteria.
  - c. Documentation which verifies field strength and phase adjustment measurements shall be submitted to NRAO for review.
  - d. The applicant will deconfliction during system configuration and testing.

Before beginning operation, a site inspection must be arranged in order to verify the implementation of the requirements of this special condition

This authority expires March 20, 2013.

Sincerely,

Hossein Hashemzadeh  
Deputy Chief  
Video Division  
Media Bureau
