Mr. Peter Doyle
Chief, Audio Division
Federal Communications Commission
445 12th St. S.W.
Washington, DC 20554

On behalf of the Town of Buckhead, Morgan County, GA, I wish to express our support of the Starstation Radio LLC's plan to locate a full service FM station here in Buckhead, GA. Known as "The Real Buckhead", our town has a US Post Office and several churches and businesses, and is not to be confused with the Buckhead neighborhood of Atlanta.

At a recent town meeting, Mr. Craig Baker of Starstation Radio revealed to us that there is a radio station licensed to our town. Everyone in the room was surprised to learn this. None of us knew of any radio station here. Obviously, if a radio station was serving our community, the mayor, a member of the town council, or someone here in the Town of Buckhead would certainly have heard about it.

While there may be a station with Buckhead listed on the license, it is not known to us, and provides no local service to the residents of Buckhead. In essence, Starstation Radio, LLC. will be the first station to bring much needed service to Buckhead, Morgan County, GA. Local information, weather, and emergency announcements are vital to our residents. We urge the Federal Communications Commission to recognize the needs of our community and grant Starstation Radio the permit it seeks to relocate here.

Please contact me if you have any questions concerning this matter.

Sincerely,

Ricky Walker, Mayor
