RE: W243CA Sutton, WV

October 2, 2009

Dear Madam Secretary:

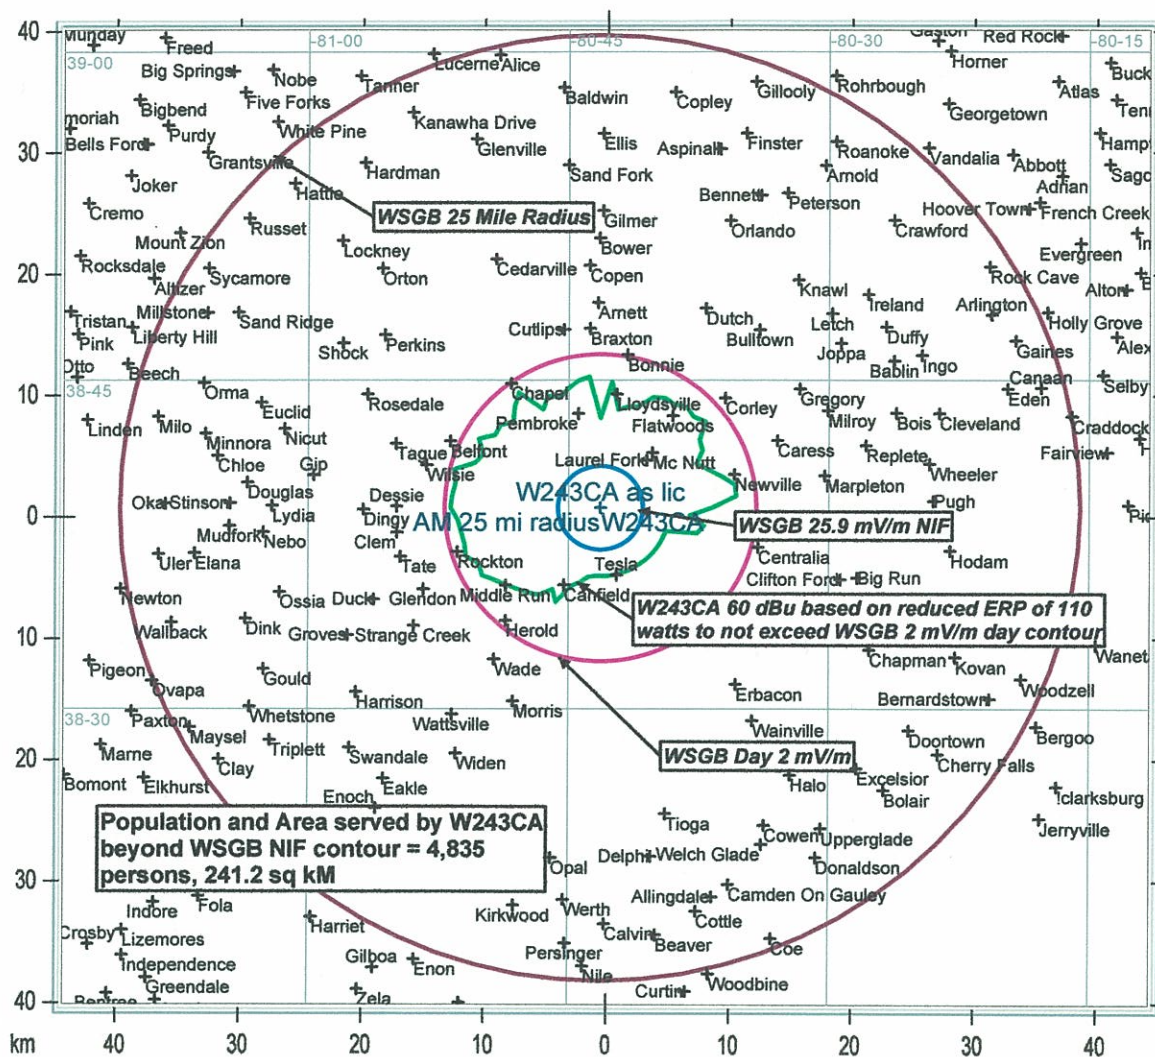

Please be advised that W243CA is now rebroadcasting the programming of WSGB-AM as previously authorized under STA No. BLSTA-20081118AEY. W243CA and WSGB-AM are co-owned thus there is re-transmission consent. A copy of the map submitted with the request for STA is attached demonstrating that the W243CA 60 dBu lies entirely within the WSGB-AM 2 mV/m contour.

Please advise if any other information is required.

Sincerely,

Nunzio A. Sergi – GM / Managing Member  
Summit Media Broadcasting, LLC.
