

Exhibit 10 - Statement A
SPECIAL OPERATING CONDITIONS
prepared for
Citadel Broadcasting Company
WAAL(FM) Binghamton, New York
Facility ID 7920
Ch. 256B 8.7 kW 291 m

Citadel Broadcasting Company ("*Citadel*") has completed the construction of the WAAL(FM) facility as authorized in its construction permit ("CP," file number BPH-20030826AEQ). Accordingly, pursuant to the provisions of §73.1620(a)(1), the WAAL facility is now operating under automatic program test authority. This statement is provided to demonstrate compliance with the *Special Operating Condition* on the CP.

As required by *Special Operating Condition 1*, *Citadel* will coordinate with other site users and reduce power or cease operation as necessary to protect personnel having access to the transmitter site from excessive levels of radiofrequency ("RF") electromagnetic field.
