In re: Low Power Television Application of:  
DTV America 1, LLC  
Channel 26, La Grange, GA.  
File no.: BMPDTL-20130729ACD  
Facility Id No.: 182092

Dear Applicant:

The application referenced above is dismissed.

Specifically, you have not proposed any technical changes different than the existing minor modification construction permit (BMPDTL-20110114ABB) except to change the antenna model from SCA 4DR16S\_Reduced\_Rear to SCA 4DR8S\_Reduced\_Rear which have the same relative field values, therefore it does not result in any changes in effective radiated power (ERP). Since the antenna model is identical with the one in the previous construction permit, then notification of the change in antenna model can be done at the time of the license filing.

The existing digital minor modification application BMPDTL-20110114ABB expiration date was extended by the grant of the extension of time to complete digital construction permit request BEP-20130724ADO to February 7, 2014.

Sincerely

Hossein Hashemzadeh  
Deputy Chief  
Video Division  
Media Bureau
