Dear Applicant:

This letter is in reference to KWXS's request for program test authority ("PTA") filed October 16, 2014, and the simultaneously filed application for license to cover Construction Permit BPH-20120323ACE.

A review of KWXS's request for PTA reveals that the facilities were constructed pursuant to the terms and conditions of Construction Permit BPH-20120323ACE, and the provisions of 47 C.F.R. § 73.1620. Accordingly, Program Test Authority IS HEREBY GRANTED to commence operation pending further action on KWXS's license application. The effective radiated power is 2.50 kilowatts (H&V) and the transmitter power output is 2.35 kilowatts.

Sincerely,
